Equipping minds and
nurturing hearts to seek,
serve and become like
Jesus Christ

GREAT LAKES
CHRISTIAN HIGH SCHOOL

Close-Knit

Great Lakes Christian High School is unique in its social experience for students. The environment at Great Lakes fosters a feeling of community amongst our students and staff.

As a day and residential school, Great Lakes offers many extracurricular programs, including athletic teams, band, a choral group, dramatic productions, leadership and planning committees for student events, religious groups as well as school-wide evening devotionals and recreational activities.

Great Lakes welcomes students of all backgrounds and supports each student as they grow in their relationships with one another and with God.

Academic Excellence

GL has the best teachers, not only do they educate you, they are your friends as well. All of the teachers actually care about you and they want the best for you."
-Devon Lansdell, Tillsonburg, ON

Great Lakes Christian High School provides a high school program inspected by the Ministry of Education and Training.

The high school program offers many academic and applied level courses as well as cooperative education opportunities within the local community.

Great Lakes provides a smaller school population to support students as they develop intellectually. With an average class size of 22, teachers have the opportunity to interact more closely with their students.

Additionally, teachers at Great Lakes Christian High School offer tutorials twice per week for students to receive extra help in their studies in an effort to help them achieve their full potential.

Academic excellence at Great Lakes is displayed in our over 90 percent acceptance rate of our graduates to university and college programs of their choice.
